Q14 Please enter your general feedback here

Bad Zoning:
Our house is a Heritage Place (streetscape) in the Cathedral Precinct (Zone 8) of North Adelaide. We note that the area in which we live will be zoned City Living despite being the oldest part of North Adelaide. We believe this zoning should be changed to City Living - North Adelaide Low Intensity.

Impact of Developments over $10m
Our house runs East-West. The neighbour on our Northern side whose property level is 2m above ours, is proposing to build an apartment block with 4-5 storeys high plus undercroft parking along almost the entire length of our Northern boundary with balconies looking over our house towards the city. The whole development will cost in excess of $10m. He is confident that under the new code he will be permitted to demolish the existing heritage place there and carry out the development. If that is the case, it will severely reduce our amenity and property value.

Process to De-list a Heritage Place:
The proposed Development plan will only allow de-listing of a heritage place if it is structurally unsafe or of little heritage value. We propose adding another condition which would allow de-listing by the owner if an adjacent development significantly reduces the value and/or the amenity of a heritage place.
