Q14 Please enter your general feedback here

I am very concerned about the trend to allow development (either private or corporate) on land designated National Park. I am also concerned by the move to re-categorise National Parks in any way that will make it easier for development to occur within them. National Parks are a community asset that is held in trust for our children and grandchildren so that they can experience nature and the environment in all its wonder and diversity. I do not believe there is public support to decrease the protection that our parks now have from development. National Parks need to be managed to protect the integrity of their environmental values and deliver access by the public that is fair, equitable and does not detract from the natural values of each environment.
