Dear DPTI

I request that the area where I currently reside (May Terrace, Kensington Park SA) is a **suburban neighbourhood zone**, rather than a **General Neighbourhood Zone**.

Thanks

P.S.

I moved my family out of the inner city suburb of Neutral Bay NSW in 2018 due it's schools, roads and shops becoming overcrowded over the 20 years that we lived there, therefore I do not think it is a good idea to promote dense housing and living as it decreases quality of living.
