Hello Emma,

Thanks for your swift reply. It was actually the State Planning Policies document. This, by the way, seems to be very Adelaide orientated.

Regards, Ann

Could you please clarify which document you are referring to as we have two currently on consultation, the State Planning Policies or the Natural Resources and Environment Discussion Paper. I'm assuming it's the latter but just want to make sure I forward your submission to the right author so that it can be considered and included in the consultation report.
