Re: Consultation on the draft Planning and Design Code - Historic Areas / Walkerville 5081

Dear Michael,

I understand you are in the process of reviewing the Historic Area Overlay and as such my submission might be ignored but there doesn’t appear to be a real review of the properties in these areas.

My neighbours properties are modern, very substantial two storey properties. I’m at a loss to understand how my property, a bungalow set between them, warrants such a listing. An attempt to bring equality, fairness and consistency to the planning system should involve the landowners property.

This has been brought to the attention of the numerous council town planners for Walkerville over many years with little acknowledgement or consideration. How can my property, the lone bungalow in their midst be considered to be in an Historic Area. I would like to see a review of the boundaries in your process.

The photographs below show my neighbours. I’m at a loss to understand how my property, the bungalow second in from the left, warrants such a listing. An attempt to bring equality, fairness and consistency to the planning system should involve the landowners property.
