The proposed restrictions on the width of garages/carports on new homes will mean that those households with more than one vehicle will be required to park on the road or in the driveway. Neither of these situations are acceptable - the former will restrict the access of through traffic on the street (access for emergency service vehicles will be hampered) and the latter leaves vehicles open to vandalism. Does lifestyle not come into the equation? One can only think that this idea is simply to enable more revenue raising.
