I would like to thank you for sending notification regarding the changes to the current zone.
I do have concerns regarding the suggested changes which strangely affect my property.
My property is on the corner of Joseph St. and Maslin St. in the central district of Murray Bridge. The house is a timber frame construction with a tiled roof, built after world war two. I fill that the restrictions to be put in place on my property, regarding building styles to be unfair and I wish to have the zone restricted to Mary Tce. only.
this is due to the fact that Many worth structures in Joseph St. and other close streets have not been included in this rezoning.
If this is not possible I under stand that all levels of government will assist in generously subsidizing the owners of the effected properties to maintain the affected premises to keep within the new restriction under the historic area zone.
I have found the new zone change to have come a bit late, due to the removal of all but a few buildings in the main street and the larger companies being able to do as they will with no restrictions.
