Q5 Please enter your general feedback here

We think that the area of Evanston South which is the area of Hayle Rd, Main North Rd, Bentley Rd, and Gale Rd should be rezoned residential with a minimum block size of 2000 sq mts .

AD & M Jones

Evanston South

We bought this property in 1985 and where told that it was deferred residential and that we would be able to sub-divide in 10 years, as we have 3 children we thought that we would be able to sub-divide and give our children all a block of land, this unfortunately has not happened.

We would like to see this area rezoned residential with block sizes being 2000sq mt. Gawler council say that they want to separate us from metropolitan Adelaide, in our opinion it is far to late for this there is residential estates all around us, we already have most of the services and are 5 min to several shopping areas and transport.

We thought this would be our superannuation for our old age and would like to see this happen sooner than later
