The draft Planning and Design Code cannot possibly be fit for purpose by 1 July 2019. The Code is trying to do two things simultaneously – collapsing all council development plans into one code while at the same time developing brand-new software for a ‘tix-box’ online portal. This is a mammoth task, and while Parliament may have thought this was achievable in 2017, a project of this magnitude obviously needs more than two years to design and implement. I request an extension on the Code’s implementation. The Public needs to be able to have time to read and fully understand the Code. Those working on it in DIPTI certainly require more time and Council Planners need to be able to comprehend sections of it that they have been given so they can explain it to the residents.
