Subject: Mile End Rezoning
Date: Friday, 28 February 2020 11:33:05 AM

Hi,

I live at 32 Cowra Street, Mile End and am writing to object to the rezoning of our section of Mile End to a "Housing Diversity Neighbourhood Zone". This area is excellent to live in, has good amenities and has many lovely old heritage houses. Younger people are moving into the area and are carefully renovating and restoring the older homes to maintain their heritage look. It would be sad to see character homes demolished and replaced by flats, row houses or business premises. Planners should be striving to preserve the character homes and maintain the look and feel of this part of Mile End to be similar to the rest of Mile End and the surrounding suburbs of Torrensville and Thebarton. I therefore object to this area being reclassified as a "Housing Diversity Neighbourhood Zone" and urge you to classify it as a "Suburban Neighbourhood Zone".
Regards.. Anthony Bartholomaeus
