The draft Planning and Design Code cannot possibly be fit for purpose by 1 July 2019. The Code is trying to do two things simultaneously – collapsing all council development plans into one code while at the same time developing brand-new software for a ‘tick-box’ online portal.

This is a mammoth task, and while Parliament may have thought this was achievable in 2017, a project of this magnitude obviously needs more than two years to design and implement. I request an extension on the Code’s implementation.

In my view, these complications will lead to a free-for-all, with unfettered development which will damage one the greatest cities in Australia.
