Table 3 - Off Street Bicycle Parking Requirements: this is an absolute joke, and doesn’t even begin to align with the objectives of the 30 Year Plan. Residential flat and multi-story buildings need to have no less than 1 space (undercover) for every dwelling for residents. Shops need to have at least 25% of the number of bike parks as there are car parks. Educational establishments: 1 for every 20 employees? 1 for every 5-10, minimum. Same for offices. Shops: 7 car parks for every 100m² and 1 bike park for every 300m²?? Ridiculous. Do better. Please. This is not the way to a better future.
