Q7 Enter your feedback for Mapping

As I understand no wind farms are to go in or close to national parks. I hope that your planning also will include no wind turbines near e.g.5 kilometres from privately owned conservation areas and land under stewardship contracts with the state and federal government. Land in S.A. with recovery plans for peppermint box, grassy woodland and Pigmy bluetung lizard should all be excluded from wind farms as they will inhabit improvement of these areas.
