Subject: planning reform
Date: Sunday, 9 February 2020 5:22:22 PM

We are City of Unley ratepayers.

We refer to submissions by the City of Unley concerning zoning under the City's Development Plan RB350 being transitioned into the General Neighbourhood Zone, requesting instead that the transitioning be into the Suburban Neighbourhood Zone. It is further submitted that the City of Unley be the preferred driver of Development into the future.

We support the City's submissions and seek that changes to the plan reflect its requests.
